

### **About the Irene W. and C.B. Pennington Foundation**

During their lives, Claude B. “Doc” Pennington and his wife, Irene Wells Pennington were noted philanthropists and volunteers. In 1982, their private family foundation, the Irene W. and C.B. Pennington Foundation, was established to share their success with the community that had been an important part of their lives.

The Irene W. and C.B. Pennington Foundation provided philanthropic support through organizations who promote the overall well-being of families and communities. Much of the foundation’s support is given to nonprofits and agencies that provide direct service to people in need, from disadvantaged youth to the medically underserved.

The foundation’s giving primarily focuses on the organizations and agencies within or new the Greater Baton Rouge area and surrounding parishes. This includes East and West Baton Rouge, East and West Feliciana, Ascension, Livingston, Pointe Coupee, and Iberville Parishes.
